Setting up a company in
the UAE and Saudi Arabia
has never been easier!

- Dubai
- Jeddah
- London

What our clients say about us!

Exceptional customer service and consultancy. Quick response and guidance. Felt like receiving very professional tailor-made service!

Milen Balabanov

Gatestone is professional, reliable and friendly partner. Highly recommend to everyone who is looking for setting up company, applying EID, and opening business and private bank account in Dubai. They are the second to none!

Ren Carlos

I am extremely happy with the service provided by Gatestone. I was very anxious about the whole process as I had heard of all the scams, but Rehan helped reassure me. He answered all my questions promptly and gave me personalised service. The whole team at Gatestone was very professional. From the account team to my account manager to the person Cristina who organised the visa process.

Michelle Mbendo

Gatestone Group is very capable for company setup, visa services, etc... and personally happy with their service! They understand the local market and are good from ground-up w.r.t their services. Definitely go and work with Gatestone for anything related to business setup in UAE! Keep doing great and continue extending your support.

Vijay
