## What our clients say about us!

“

Exceptional customer service and consultancy. Quick response and guidance. Felt like receiving very professional tailor-made service!

**Milen Balabanov**

“

Gatestone is professional, reliable and friendly partner. Highly recommend to everyone who is looking for setting up company, applying EID, and opening business and private bank account in Dubai. They are the second to none!

**Ren Carlos**

“

I am extremely happy with the service provided by Gatestone. I was very anxious about the whole process as I had heard of all the scams, but Rehan helped reassure me. He answered all my questions promptly and gave me personalised service.

The whole team at Gatestone was very professional. From the account team to my account manager to the person Cristina who organised the visa process.. I had never even transferred money overseas. They guided me patiently through the whole process and were forever present to answer questions. I am extremely pleased and my tickets are booked. Can't wait for the next stage. And I'm looking forward to keep working with Gatestone Group.
